

Breast	Colorectal	HPB	UGI	PSM
Endocrine Head & Neck	Melanoma	Sarcoma	Transversal	General
Posters	Sponsored Sessions	Colorectal - PSM		

Wednesday, 4 November 2026

Time	N103 - N104	N106	N107 - N108
09.00	Interdisciplinary challenges in colorectal PM	Melanoma Excision Margins in 2026: Evidence, Trials and Clinical Practice	ATA 2025 Guidelines: Risk-Adapted Management and Follow-up of Differentiated Thyroid Cancer
10.00	Coffee break		
10.05	Workshop 1	Workshop 2	Workshop 3
10.30	Coffee break		
10.35	Life time achievement award		
11.25	Neoadjuvant Management in Breast Cancer: Tailoring Surgery to Response	Transversal (60')	Radiotherapy in primary resectable extremity/trunk sarcomas
12.25	Lunch break		
12.40	Lunch Symposium 1	Lunch Symposium 2	Lunch Symposium 3
13.30	Lunch break		
13.45	Breast oral presentations (45')	Colorectal oral presentations (45')	Stage IV Melanoma in 2026: Should Metastasectomy still be routinely considered?
14.35	Transversal (60')		
15.35	Coffee break		
15.40	Workshop 4	Workshop 5	Workshop 6
16.05	Coffee break		
16.10	Transversal (60')	Biliary Tract Cancers in 2026 — Where Surgical Oncology Is Still Controversial	Debate: Desmoid tumours: From Watch and Wait to precision intervention
17.15	Prepectoral or Subpectoral Reconstruction: Evolution or Revolution?	Personalised Strategies in Colon Cancer Treatment: From Biology to the Operating Room	Outcomes and quality of life in PSM

Thursday, 5 November 2026

Time	N103 - N104	N106	N107 - N108
08.30	Meet the expert: Tumour Vaccines in Melanoma	Meet the expert: Sarcomas in challenging anatomical locations: when anatomy drives the outcome	Meet the expert: Autofluorescence and Innovation
09.15	Maximally invasive surgery for Locally Recurrent Rectal Cancer: Futile or Heroic?	How does artificial intelligence support Oesophageal and gastric cancer management?	Transversal (60')
10.15	Coffee break		
10.20	Workshop 7	Workshop 8	Workshop 9
10.45	Coffee break		
10.50	Presidential session and ESSO Medal		
11.35	Breast oral presentations	Hypertrophy Strategies Before Major Hepatectomy: PVE, LVD, ALPPS or Radiation Lobectomy?	Challenges in PSM management – Panel discussion
12.35	Lunch break		
12.50	Lunch Symposium 4	Lunch Symposium 5	Lunch Symposium 6
13.40	Lunch break		
13.55	Transversal (45')	Melanoma Oral presentations (45')	Tips & Tricks – How experts do it
14.45	De-escalating upfront breast and axillary surgery: Is Less Still Enough?	On the crossroad of clinical practice	Dragon's Den session
15.45	Coffee break		
15.50	Workshop 4	Workshop 5	Workshop 6
16.15	Coffee break		
16.20	UGI Oral presentations (45')	PSM Oral presentations (45')	Sarcoma Oral presentations (45')
17.10	Debate: Intraoperative assessment of axillary nodes after neoadjuvant treatment	Debate: Should Total Neoadjuvant Therapy in rectal cancer be the standard for all patients	Endocrine Head & Neck oral presentations (45')

Friday, 6 November 2026

Time	N103 - N104	N106	N107 - N108
08.30	Meet the expert: Axillary Surgery in the Era of Neoadjuvant Therapy in 2026	Meet the expert: Breaking Taboos: Strategic Partnerships with Industry as a Driver of Innovation	Meet the experts: Tailored lymphadenectomy in Gastroesophageal Cancer
09.15	Transversal (45')	Colorectal Oral presentations (45')	HPB Oral presentations (45')
10.00	Coffee break		
10.20	Rise of the Robots: Are We Witnessing a Breast Surgical Paradigm Shift?	Debate: Endoscopic vs Surgical Resection for Early Gastric Cancer	ESSO-SEOQ joint session: Clinical trials in PSM
11.25	Transversal (60')	Rectal Cancer in 2026: Organ Preservation, easier said than done	Meet the expert: Extended HPB surgery: how to deal with the consequences?
12.30	Poster awards and Highlights session
